## OUR DIFFERENCE

---

ASQB are Australian leaders in residential window safety compliance, glazing and maintenance, servicing Strata Managers, Real Estate Property Managers, Owners Corporations and Home Owner communities.

All of our services are backed by our own internal committed teams, guaranteeing a rapid and efficient offering, allowing us to continually deliver the highest quality of work that we're renowned for in the industry.

We are proud to offer five bespoke services to our clients. Overleaf, we outline more detail specifically related to our Window and Door Repairs service.

## WINDOW AND DOOR REPAIRS

The safety and security of residents and tenants is paramount. Our committed and dedicated team provide comprehensive Window and Door Repairs to Strata Managers and Owner's Corporations.

Our on the spot maintenance of windows and doors including repairs and quality parts replacement where possible, is a service that provides minimal disruption to all involved.

Our service ensures the safe function of doors and windows throughout properties whilst also adding to their life span.

Our Window and Door Repairs service includes a comprehensive inspection, replacement and upkeep of rollers, latches, blocks, springs, tracks, weather strips and seals.
